

# 360 DEGREES OF LOW-POWER

Sopot, 15th October 2019

join now at: **STPOLAND.COM**

STMicroelectronics invites you to experience a day dedicated to discover our technology for Low Power. Our team of experts will welcome you and present ST's latest addition to its portfolio.

During seminar, you will have opportunity to see and touch our latest solutions. Every technology will be covered by demo booth, where you could experience how ST devices work in real use-cases. What is more, for each topic there will be dedicated ST specialist that you will be able to discuss your ideas and opinions.

WHEN: October 15<sup>th</sup>, 2019; 09:30 AM

WHERE: Hotel Sofitel Grand Sopot  
Powstańców Warszawy 12/14  
81-718 Sopot
